ABSTRACT:

The bachelor thesis deals with economic aspects in school catering, their financing and the subsequent comparison devices with separate legal personality and devices that are parts of the schools. It is based on theoretical knowledge about this service and research survey, conducted on a random sample of schools and school canteen. It provides knowledge about the economic positives and negatives of both forms of school canteens and recommendations on appropriate variant.

KEYWORDS: School canteene, Separate legal personality, Regional per capita, Founder School director, School canteen manager.
